

MASTER IN BUSINESS ADMINISTRATION (SUPPLY CHAIN MANAGEMENT)

(N/0414/7/0249)(02/30)(MQA/PA17904)

The supply chain industry is a rapidly growing field with immense potential to drive national and global economic growth. At MUST, you can advance your expertise through a Master of Business Administration (MBA) in Supply Chain Management, enhanced with the prestigious ISCEA Certified Sustainable Supply Chain Professional (CSSCP) certificate.

This dual credential equips you not only with the strategic insights and tools to excel in supply chain leadership but also with the ability to integrate sustainability into real-world business practices.

Why Choose Us?

- Dual Credential Advantage: Earn an MBA in Supply Chain Management together with the ISCEA Certified Sustainable Supply Chain Professional (CSSCP) certificate.
- Industry-Relevant Curriculum: Practical, case-driven syllabus designed to meet real market needs and global industry standards.
- Specialised MBA Edge: Among the few MBAs in Malaysia dedicated to Supply Chain Management, blending leadership and technical expertise.
- Global Recognition: ISCEA certification recognized in 72 countries, supported by an international professional network.
- Career-Ready Outcomes: Graduate equipped for high-demand roles in procurement, logistics, sustainability, and global supply chain strategy.
